ARCHA CLUB CLASSES AND RULES

EFFECTIVE JANUARY 1, 2011

The purpose of the green program is to provide inexperienced riders and/or horses the opportunity to become acquainted with the basic reined cow horse skills in a competitive, yet non-threatening environment. There are no restrictions placed upon horse ownership, breed, age or training level. Horses must be shown in an NRCHA or AQHA approved bridle, also snaffle bits will be allowed with no age limit in the Green Rider 1 and Green Horse {box and fence}. Once the program has been completed, riders and/or horses should have developed the skills necessary to be a competent NRCHA exhibitor.

AQHA dress code applies:

(Long sleeve shirt with collar, western hat or hard helmet and western riding boots. Chaps are optional.)

AQHA rules regarding acceptable western equipment apply.

The ARCHA adopts the AQHA's position on animal welfare for all ARCHA shows.

The ARCHA board reserves the right to evaluate all new riders to ensure that each rider is competing among similar abilities.

*All riders in any Non Pro, Rookie or Green Rider class must file an ARCHA Non Pro declaration with ARCHA.

*Top Five awards will be awarded in all classes. To be eligible rider/owner must nominate prior to showing and must compete in 60% of show days available [7 show days]. See nomination form for more information.

*Saddle series eligibility; owner/rider must submit completed nomination and fee and meet awards eligibility requirements.

Rider may not win more than one saddle per show year.

*Horse/rider combination may not win a Division saddle in two consecutive years

GREEN RIDER SECTION

Exhibitors pay an entry fee and are scored based upon the execution of maneuvers as sanctioned by the NRCHA and as modified below. Green Rider has two divisions, as well as the Rookie Class. Each level increases in complexity and builds upon the skills practiced each time the rider and horse enter the arena.

Graduation from the program is based upon accumulated points or money earned for placing in all classes shown, including Green Horse and ARCHA/ NRCHA classes. All points begin accruing upon entry of the rider's/horse's first show. Highest class placing per show day per rider will determine points toward year-end awards. No Green Rider shall earn year-end award points for more than one horse per show day in the Green Rider classes.

Graduation between levels within the program will occur as follows:

- ★ Any Green Rider I who accumulates a lifetime total of 100 points in any and all classes shown will graduate to Green Rider II.
- ★ Any Green Rider II who accumulates a lifetime total of 300 points in any and all classes shown will graduate out of Green Rider II. These riders will be eligible to compete in the Non-Pro Limited class provided they meet all NRCHA eligibility requirements, or may compete in the Rookie class.
- ★ Any Green Rider I who competes at a higher level three times will be considered graduated out of the Green Rider I level. [ie: Green Rider I decides to show in Green Rider II and in Non-Pro Limited on more than two occasions – they are no longer eligible to compete in Green Rider I]
- ★ Any Green Rider II may compete up into the Non-Pro Limited class without limitation. However, points earned in the Non-Pro Limited class count towards the rider's lifetime points in the Green Program.
- ★ Any rider who goes down the fence three times in any class shall automatically graduate to the Rookie class, the Non Pro Stock Horse class, or to the NRCHA Novice Non-Pro Bridle class.
- ★ Any Rookie Rider who earns a lifetime total of \$1000 in any / all fence classes will graduate from Rookie.

NOTE: Being entered in a class, which includes fence work will be counted as going down the fence regardless if the rider boxed the cow and pulled up before the run was completed. The responsibility for eligibility lies with the competitor. If an individual feels a competitor is not eligible for a class, the burden of proof lies with the person who protests.

Entrants in all classes may continue to show in their class for the remainder of the year in which they earn enough points to graduate out of, provided they have not competed three times at a higher level class as Green I riders or been entered three times in any fence class.
